

**Don't Bear
the Wait!**

Fast-Track ER •• Verdugo Hills Hospital

**You don't have to bear the wait when using the
Emergency Room Fast-Track service.**

**Come to Verdugo Hills Hospital, where care begins minutes
after you enter the Emergency Room.**

Verdugo Hills Hospital has introduced a new fast-track service in its Emergency Room for non-life-threatening injuries and illnesses to help patients get triaged, treated and discharged faster. Verdugo Hills Hospital's team of physicians and nurse practitioners are specially trained in emergency medicine and stand ready to provide fast-track care around the clock. The type of conditions suitable for fast-track service include simple lacerations, sprains and strains, minor sore throats, earaches, coughs, headaches, fever and rashes, nausea, colds and flu, puncture wounds and insect bites.
